

## Construction Update

Week Ending October 3, 2009

The following construction activities are anticipated for the week of September 28 to October 3, 2009:

- Permanent closure of Bell Drive
- Underground work along Prince Drive
- Preparation work for the 66" storm drain and outfall structure along Cottonwood Creek and along Earl Drive
- Clearing and grubbing operations between Sam's Club and Stinson for the future detention ponds
- Surveying
- Utility relocations
  - Comcast @ Cottonwood Creek
- Site grading at the old Shell Station

The above activities are dependent upon the weather and resource availability.
